Looks like vacation time might have started a bit early. Be sure to call on those members who are not attending meetings. If they've been away, ask them to be a program and share their travels. If they're just too busy, see if you can assist them with their other activities. If they've just lost interest, maybe it's time YOU changed.

Also, Human and Spiritual Values seems to be a problem. Maybe it's just a case of not being clear about what is a HSV activity. Here's the official definition:

The Committee on Human and Spiritual Values should implement projects that support spiritual development, provide human companionship and comfort, or offer counseling and guidance. Projects can encourage interfaith and interdenominational religious activity, such as prayer, but should not support a specific religious sect. Popular projects include prayer breakfasts, layman of the year awards, transportation to religious services, visits to nursing homes, and support of grief counseling.

Finally, remember, (to borrow a line from Smokey the Bear), "Only you can invite members to Kiwanis"
